District Representative

The Honorable Richard D. Lamm
Office of the Governor
136 State Capitol Building
Denver, Colorado 80203

1/27/83

Dear Governor Lamm:

Hello Dick! As you know, the national headquarters of the American Numismatic Association (ANA) is located in Colorado Springs, Colorado. At their address of 818 Cascade (632-2646), the ANA provides the citizens of Colorado the benefits of a very interesting numismatic museum and library, an authenticity certification service, a monthly national publication, The Numismatist, and a nationally recognized staff of experts in the field of numismatics.

Our state has a rich heritage of mining and numismatics, and we are fortunate indeed to have the permanent, national headquarters of such an organization located here. The ANA is chartered by an act of the U.S. Congress and is very involved in the preservation of our nation's numismatic history as well as in the future of our national coinage and currency. It is the largest single coin hobby organization in membership in the country.

As one of two Colorado ANA District Representatives, I would consider it a personal favor if you would proclaim April 17 to April 23, 1983 as NATIONAL COIN WEEK as per the attached resolution. You may wish to add a few additional lines regarding the benefits to Colorado's citizens gained from having the ANA's home here in Colorado.

I would really appreciate hearing from you about the resolution.

Best Wishes,

David P. McBride
